A First – as UNI-XU Exhibit at Food & Drink Logistics

See us on
Stand No. X029

Conveyor Units will be exhibiting for the first time a range of conveyor modules at the Food & Drink Logistics Show on stand no: X029 as supplied to the trade only, including OEM's and integrators of materials handling systems.

UNI-XU® modular conveyors provide the optimum flexibility to enable system integrators to design the most cost effective, bespoke solutions for efficient product movement in warehouses, distribution centres and picking lines.

The comprehensive range of UNI-XU® conveyor modules have been manufactured by Conveyor Units in the UK since 1963.

- Flexible Conveyors
- Belt Conveyors
- Motorised Roller Conveyor
- Gravity Roller Conveyor
- Powered Roller Accumulation Conveyor
- Pallet Handling Conveyor
- Aluminium Conveyors
- Stainless Steel Conveyor
- Belt Under Roller Conveyor

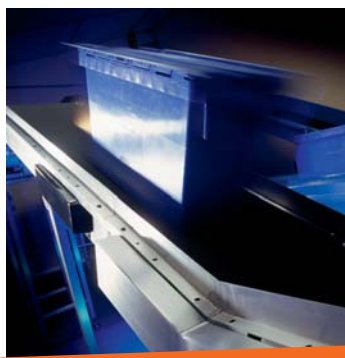

WE INVITE YOU

Whether you are an OEM or system integrator, take this opportunity to invite your customers to view a fully operational carousel incorporating the UNI-XU® range of quality engineered conveyor modules and demonstrate the benefits of the equipment.

We invite you to visit our stand X029 and talk to us in confidence about your handling needs and we can assist you in specifying the right UNI-XU® conveyor modules for the job – along with supplying one of the most competitive quotes around!

Conveyor Units Limited, Sandy Lane, Tipton, Stourport-on-Severn, Worcs. DY13 9PT.

Tel: 0044 (0) 1299 877541 • Fax: 0044 (0) 1299 877921 • Email: sales@conveyor-units.co.uk

MEET THE TEAM

With 80+ combined service years at Conveyor Units and a vast experience in the design and manufacture of conveying modules – talk to us about your materials handling needs.
